

CROATIA 2021

CORPORATE PACKAGE

kairos membership program by World Concierge LLC

Agenda

DAY 1 - 4

Day 1 - Split

Split, the second largest city in Croatia, is a mix of modern life and ancient history. With ruins dating back to the Roman Empire, a bustling waterfront, it is a great place to see Dalmatian life as it's really lived - always buzzing.

Day 2 - Split

Embarking on the yachts for support team

Day 3 -Members arrival

Split, Milna - Island of Brac

Milna is a pretty fishing town in a sheltered bay - 18km southwest of Supetar. Crystal clear waters and pebbly beaches, Milna is surrounded by pine forests which makes it truly a picturesque landscape. The welcoming bays of Milna have always been a favorite port to sailors sailing through the Middle Adriatic.

Day 4 - Hvar and Hvar Island Stari Grad Plain

This jet-set favorite is also the island with the most UNESCO-listed heritage in the entire world. Hvar is proud that it has the most sunny hours of all the islands in the Adriatic Sea. Many people say that Hvar is a town as from a fairy-tale because its architecture, wonderful nature and its mild climate.

Stari Grad Plain/ Hvar Island

Colonized by Ionian Greeks in the 4th century BC, this Croatian island's landscape, near the town of Stari Grad, has remained practically intact ever since. Stone houses framed by the Adriatic Sea are nestled in rolling hills of vineyards, lavender fields and olive orchards, which are divided in plots—bordered by limestone rocks—constructed more than 2,400 years ago.

Agenda

DAY 5 - 10

Day 5 - Korucla, Summit Day One

The sixth largest island in Croatia, Korucla is 20 miles long and rather narrow, between 4 and 5 miles wide on average. This island is known for its dense forest and the ancient Greeks called the island Black Korcula (Kerkyra melaina) for this reason. Korcula is one of Croatia's most treasured islands, home of legendary sailor Marco Polo, although, perhaps somewhat surprisingly, not quite as popular as some of its slightly more northern counterparts, such as Brac and Hvar. This may be because the island is a little further away and not that accessible for public ferries.

Day 6 - Mljet. - National Park, Summit Day Two

Mljet National Park is a large area that borders two saltwater lakes – Veliko and Malo Jezero (Large and Small Lake). The Lakes stretch for about 14 kilometres. Right in the middle of the Large Lake, there is a small island/islet Melita (Sveta Marija) with a large building of the former Benedictine monastery, erected there in the 12th century.

Day 7 - Dubrovnik

George Bernard Shaw was enchanted by this beautiful city, about which he said “those who seek paradise on Earth should come to Dubrovnik”, as well as, famously, describing it as “the pearl of the Adriatic”. It really is a stunning city with an amazing Old Town, which became a UNESCO World Heritage site in 1979.

Day 8 - Trogir- Members Departure

Trogir is set within medieval walls on a tiny island, linked by bridges to both the mainland and to the far larger Čiovo Island. The old town has retained many intact and beautiful buildings from its age of glory between the 13th and 15th centuries. In 1997 its profuse collection of Romanesque and Renaissance buildings earned it World Heritage status.
